

NAME

Larry Arrington – Software Developer

SYNOPSIS

Larry [OPTIONS] COMMAND [ARG...]

DESCRIPTION

Larry currently enrolled in a 12-month software development program to advance in my career; So far I am skilled in HTML, CSS, and Javascript, Figma, Proficient in Adobe Photoshop, Lightroom, Film Photography, Making Coffee, and Specialty Coffee. Trying to further my career in tech as a web designer and Frontend Developer and looking for apprenticeships.

HISTORY

- * Interactive Pokédex
 - Fullstack Developer – Pursuit Fellowship – 2021–2022
 - Wanted to create something fun and grabs my attention when learning how to code.
 - * Trainers can navigate through pokédex.
 - * Trainers can see pokemon data.
 - * Trainers can use pokédex buttons with the mouse.
 - * Trainers can navigate using arrow keys and enter buttons.
 - * Deployed through Github and Netlify.
 - * Languages used HTML, Javascript, CSS.
 - Creating content for Pokémon lovers like myself.
- * Demo Photography Website
 - Fullstack Developer – Pursuit Fellowship – 2021–2022
 - Wanted to combine my to favorite hobbies photography and coding.
 - * Implemented style using React HTML elements and Tailwind CSS.
 - * Deployed through Netlify
 - * Created a personalized cursor.
 - * Used photos I've actually taken
 - * Created images using AI.
- * Choice Market Bar and Restaurant
 - Lead Barista – Manager – Choice Market Bar and Restaurant – 2018–2022
 - * Supervised and trained staff on preparing and delivering drinks, and handling food and money.
 - * Set up the bar at the beginning of the shift and break it down at the end of the shift to facilitate operations. Also created successful work schedules for each team member to maintain deadlines and fully staff shifts.
 - * Prepared various mixed drinks and beverages for bar customers and restaurant guests. Maintaining high standards of customer service by staying up to date on bar and menu options and providing practical food recommendations for guests.
